

Tutorial Power Video Marketing

How to convert an article text to video

Open the software in your folder

More informations at www.powervideomarketing.net

- 1 Paste your article in this field
- 2 Select Font, style and size for your article
- 3 Choose color for the background
- 4 Select the video speed (7 choices)
- 5 Define the output folder
- 6 Select your audio folder (optional)
- 7 Give a name for your video

Then, click next and the software will make a video from your article and your audio files.

Now, you can test your beautiful video!
