

Read First Toolbar

Thanks for evaluating Toolbar – the indispensable plug-in that lets you go beyond the interface capabilities of FileMaker!

Installation Instructions

Be sure to read the license agreement enclosed with this package before you start using the plug-in since you agree to the terms of the trial license agreement as soon as you start using the software.

To install the correct plug-in version of Toolbar, open the folder 'Plug-In' and choose the plug-in file from the correct sub-folder (Windows or Mac OS) according to your operating system.

Close FileMaker before installing the plug-in.

Toolbar is compatible with FileMaker 7 Pro/Developer/Runtime and FileMaker 8-10 Pro/Advanced/Runtime.

Windows:

Copy the plug-in file to your FileMaker *Extensions* folder, which is located in your FileMaker application folder.

Mac OS:

Copy the extracted plug-in file to your FileMaker *Extensions* folder, which is located in your FileMaker application folder.

After installing the plug-in please read the tutorial to get started with Toolbar.

Registration Information

Toolbar is commercial shareware. You are allowed to try this FileMaker plug-in for 14 days. After that the plug-in cannot be used any longer without registration. A trial sentence will be added to every outgoing message. These restrictions will be removed as soon as you register Toolbar.

New Toolbar users:

If you are new to Toolbar you will find the prices and detailed information about Toolbar licenses on the License Programs page at: <http://www.dacons.net/fmplugins/toolbar/licenses/>

Please contact us at info@dacons.net if you have questions regarding our licenses.
